Dearest Cousin Cora -

Or do you still claim me as a Cousin since it has been so long since I wrote you. I never answered your last letter because I have had so much happen to me since 3/5/81 when your letter was dated. I came up with heart troubles me of all people (due to nervous tension and getting too hot) which is understandable. I went a long time thinking I would get better, but the Dr said there was no way to do all my housework, garden, yard etc. and ever get by. Well after a blackout one morning with a fall and a Cit that took 110 stitches. I had to go to the rest home and here I will be for the rest of my life I guess - feeling so useless I could scream. But I will never lose interest in our family history but am not able to do any research. So if you have any more than I have I would sure

Appreciate having it. What I want most of all to find the parents of our grandfather Jim Coys ~~mother~~ wife's parents. She was Elizabeth Johnson and I believe her to be the daughter of Ruth Coy and Dr Joseph Johnson. I have the will of Solomon Coy who named all his children except Ruth I believe she may have died and Joseph may have married again. He was mentioned in the Springfield Mo. Hist. Socy. magazine as Dr Joseph Johnson. There was also a Dr William T. Johnson who could have been the cousin who practice in Burnet & surrounding Co's and later lived and died in Banderin Texas. Yes Arlee got him a Computer and I turned all my surplus research Books etc over to him with the request that he donate them to the Lubbock Library and search for our Johnson family. Well so far as I know all he

Well he found it and now he is gathering every Sower and Nussey from 6 months old back to Job. I couldn't care less about Royalty I want to know who my Grandmother Elizabeth Cox's ancestors were and if I could call back a few years I would find them if I had to go to Indiana & Mo. to do it. I told him I didn't care whether they owned a Castle or a log Cabin I ~~was~~ thought it was a dirty shame to do all that research and not know where our great grandmother came from. There is a lady here named Catherine <sup>Johnson</sup> who I dearly love. We fell for each other the first time we met at the Senior Citizens meeting. Well everyone who came by then and until now, went
