Question answer-

My father was born. I think up on
Big Lucy Creek, I dont know for sure
They write I already had him when
they moved to Texas,

My father farmed most of his life
when I was small. He was a Mail
Carrier. He lived around 15 miles
from San Saba, a little community

call Neal, a Post office ^{and} School.
 We lived not far from the post-
 office, The family name was Roman
 I think. My dad picked up the mail
 there, carried it to San Daba. Picked
 up the mail at San Daba brought it
 back to Roman post office. Then his
 eye sight began to fall. He owned a small
 place there. When he got blind, He sold the
 farm and moved back to Kempner. I
 think, you know I was very small, to remember
 Viola was born there. Walter can tell you
 all about him and dad farming. My dad
 finally had one eye operated on, and he could
 see how to get around. He never could see
 how to farm much. Walter did the farming
 plowing and I plowed weed in cotton and corn
 picked cotton. It was for several years
 after we moved to back not far
 from Kempner. Herman and Walter
 work for other people, Before they
 got back in farming,

we Moved back^p to Sandaha County.
When I was around 12 years old, Lived out
about 12 miles I think on Asa and Pittie
Gunter place, ~~that~~ and farming.

years, Moved back to Kempner
